

SUNEL PAINTS
WEDDINGS

2025

Why Choose Live Guest Painting?

Are you looking for a unique party favour for your guests?

Look no further.

Hire us to paint at your next event!

Guests will have so much fun having their pictures taken and turned into paintings, before their eyes.

Photos will be taken of each guest, then they can still mingle at the event.

Once the portrait is completed, they can come and collect it.

The guests' names will be written on the back so they can find their portraits at the end of the event.

Each portrait comes in its own plastic bag for safe keeping.

Guests will get to take their own artwork home and get to keep them as a heart-warming memory of your event.

We provide our services at a variety of events such as wedding, birthday parties, office parties, engagement parties, bridal showers, baby showers, etc...

We also provide this in conjunction with our live wedding paintings. Another option is also to have your guests painted prior to your event to be used at your seating chart/ as a name card.
